

# Game Changing Inverters

## Built to last

Exceptional reliability, backed by long-term standard inverter warranty of 12 years, extendable to 25 years

## More energy

Maximised energy output from each solar panel, and power losses from shading, leaves, soiling, etc. are limited

## Design flexibility

Fits nearly any roof with no restrictions on tilt, orientation, partial shade or panel type

## Know more

Track your solar performance with the mySolarEdge app

## Safety first

Industry-leading safety features offering maximum protection of people and property for your peace of mind

## Complete PV solution

One ecosystem with a full, future-proofed system offering, backed up by reliable warranty and service, all from SolarEdge

SolarEdge Home Genesis Inverter

SolarEdge Home Hub Inverter

## Which Inverter is Right for Me?

**SolarEdge Home Genesis Inverter** is designed to be a great entry-level product that incorporates the core functionality of SolarEdge technology and the ability to connect directly to a SolarEdge Home Battery.

**SolarEdge Home Hub Inverter** is designed to meet every home energy need. It does it all, including battery connection, energy backup, EV charging, full system monitoring and integrates with smart energy devices. It also offers panel-by-panel monitoring.

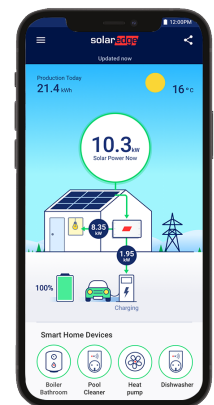

Benefits	SolarEdge Home Genesis Inverter	SolarEdge Home Hub Inverter
Full panel optimisation	✓	✓
Single string design – inverters up to 5kW	✓	✓
Advanced safety features	✓	✓
12-year product warranty (extendable to 20 or 25 years)	✓	✓
Wi-Fi communications	✓	✓
Panel-level monitoring	*	✓
Smart Energy Capabilities		
SolarEdge Home Battery connection	✓	✓
Backup power support		✓
Smart energy device connection	*	✓
Smart EV charging	*	✓

## mySolarEdge Monitoring App

While SolarEdge Home Genesis users enjoy our comprehensive monitoring dashboard as a standard lifetime feature, they can choose to upgrade their system with a SolarEdge Home Genesis Enhancement Pack that provides panel-level monitoring for the life of the system and the opportunity to connect to a SolarEdge EV charger or future SolarEdge Smart Energy products when ready.

For users who elect not to upgrade their system, you can relax in the knowledge that your installer will be automatically notified if there are any issues with your solar system which require attention.

\* SolarEdge Home Genesis Enhancement Pack Upgrade now available on the SolarEdge website for \$295 inc. GST

SolarEdge Home is a smart energy ecosystem that enables homeowners to control and optimize their energy production, consumption and storage with a single app. Using its own Operating System, SolarEdge Home manages the home's solar and grid power 24/7 to minimize electricity costs and maximize savings. In addition to SolarEdge Power Optimizers, inverters and batteries, SolarEdge Home includes a full suite of smart energy devices so homeowners can grow their ecosystem to match their evolving energy needs for true energy independence.
